Webb and Erbas Pty Ltd is an exciting new multi-discipline (MEP) design engineering firm which has been strategically formed to offer a new level of service and technical expertise.

Based in Australia, Webb and Erbas bring together many years of experience of two highly respected companies, Webb Australia Group and Erbas & Associates.

The Webb & Erbas team are actively establishing bases in the Middle East and Asia in order to help you stay at the forefront with quick mobilisation and response times, efficient service and innovative design solutions.

Our areas of expertise include:

- Electrical Services
- Specialist Lighting
- Mechanical Services
- ESD (Ecologically Sustainable Design)
- Security Services
- Communications Services
- Audio Visual Services
- Hydraulic (Plumbing) Services
- HV (High Voltage) / Sub-Station
- Fire Services
- Reliability Engineering
